

ENGAGE AFRICA'S MISSION

- E**mpowering Christians to make a difference in the lives of South Africa's orphans
- N**urturing overlooked and abandoned children and establishing them in forever families
- G**iving hope to the hopeless through education and training
- A**dvancing the Gospel in pluralist southern Africa
- G**rowing disciples through Bible study, mentorship, and practical ministry opportunities
- E**ngaging African children in life to the full ...for as long as it lasts

Our calling ...the overlooked and hurting children of Africa

Our passion ...South African children who are affected, damaged, neglected, infected, abandoned, orphaned, & dying as a result of the AIDS pandemic sweeping the country.

They break our hearts, and they stir us to action. And yet, as 2 Corinthians 5:14 claims, it is "God's love and passion for them that compels us and convinces us not to give up" until we see South Africa's children living life to the full ...for as long as it lasts.

Our location ...Rustenburg, the fastest growing city in South Africa, is located in one of the wealthiest valleys in Africa producing more than 75% of the world's platinum. However, it is home to some of the poorest people -many of whom live in small shacks in informal settlements because they cannot afford or do not qualify for proper housing.

Our goals ...

- 📍 Establish permanent homes for kids with AIDS so that they can experience "life to the full"
- 📍 Build excellent Christian schools
- 📍 Use basketball camps as a way to build relationship & trust to bring the Gospel into settlements and schools
- 📍 Train children's pastors and leaders so that kids can connect with a local church for discipleship
- 📍 Make the most of every opportunity to engage South African children in life to the full with Jesus!
